Among olive groves and landscapes that tell the story of the Amalfi Coast, this experience takes you on a journey to discover one of the most precious products of the Mediterranean tradition: extra virgin olive oil. A sensory journey designed to help you get to know production techniques up close, the characteristics that set a quality oil apart, and the deep bond between this land and its "green gold".

During the visit you will walk through the olive groves and discover how a PDO, PGI and Organic Campania oil is born, exploring the different stages of production and the elements that determine its quality and authenticity. You will learn to recognize key characteristics, understanding what makes an extra virgin oil truly excellent. The experience ends with a guided tasting of several types of oil, served with homemade bread, artisanal cheeses and other local gastronomic specialities.

An experience designed for those who want to get to know the Amalfi Coast through one of its signature products, learning to savour extra virgin olive oil with the awareness of a true taster.
