Some places are remembered through the colors, scents and emotions they give us. This experience invites you to turn the atmosphere of Capri into a watercolor painting, in an art workshop that brings together creativity, music and Mediterranean scents in an intimate, refined setting.

Guided by an artist, you will discover watercolor techniques while working on fine Amalfi paper, with professional materials included. During the workshop you will be accompanied by the notes of a live piano, while a citrus and jasmine fragrance, created especially for the experience, will scent your artwork and turn it into a multisensory memory. At the end, you will take home your painting in an elegant canvas bag. The experience can take place in a private atelier or, on request, in an exclusive location.

An experience designed for those who want to live Capri through art, drawing inspiration from its colors, scents and timeless atmosphere.
